

A Global Strategic Collaboration

The University of Wales is pleased to be involved in an exciting new partnership with the Fazley International College (FIC) based in Kuala Lumpur.

The University has recently completed a rigorous validation process at Fazley International College with respect to a number of MBA and BA (Hons) in Business Administration programmes. Students who successfully complete their studies at FIC will receive full degree awards from the University of Wales. Huw F Hughes, Director, Validation Unit, University of Wales

The University will apply its normal quality assurance and review procedures to ensure that high academic standards are maintained with respect to the cooperation. This will include the appointment of distinguished External Examiners from outside the University of Wales itself.

The cooperation with FIC represents an important new partnership for the University of Wales in a dynamic and vibrant part of the world. We are confident that the relationship will benefit all the students who chose to enrol on these exciting and relevant schemes of study and that they will justifiably be proud of joining the growing alumni of the University of Wales worldwide.

The University is confident that this is a cooperation which will grow in strength and momentum and will continue to benefit all the parties involved for many years to come
